

MASK

The BUFF® Filter Mask is designed for lightweight wearing comfort while offering 98% filter efficiency.

With the elastic bands the face mask is adjustable on the back of the head for individual fit and avoiding pressure point around the ears.

Adjustable all-day comfort with excellent breathability.

Reusable mask made from CoolNet®.

HeiQ V-BLOCK NPJ03 antibacterial treatment applied on inside pocket.

Machine-wash safe at 60°C.

Recommended delicate cycle and less than 30 mins washing program.

Adult and Kids size available.

Registered Community Design.

This mask is not certified as a medical device or personal protective equipment.
